# Accreditation Portfolios

A centralized solution for managing, organizing, and presenting essential documentation and evidence required for accreditation.

- Virtual Accreditation Resource Room
- Aligned to State, Regional, and National Standards
- Centralized Repository for Accreditation Site Visits
- Secure Institutional access to Portfolios
- Secure Site Visitor access Prior to and During Visit
- Dashboard for Centralized Access to Documents
- Advanced filtering by Accreditation Standards and other Criteria
- All Documents Historically retained
- Documents exportable via ZIP file

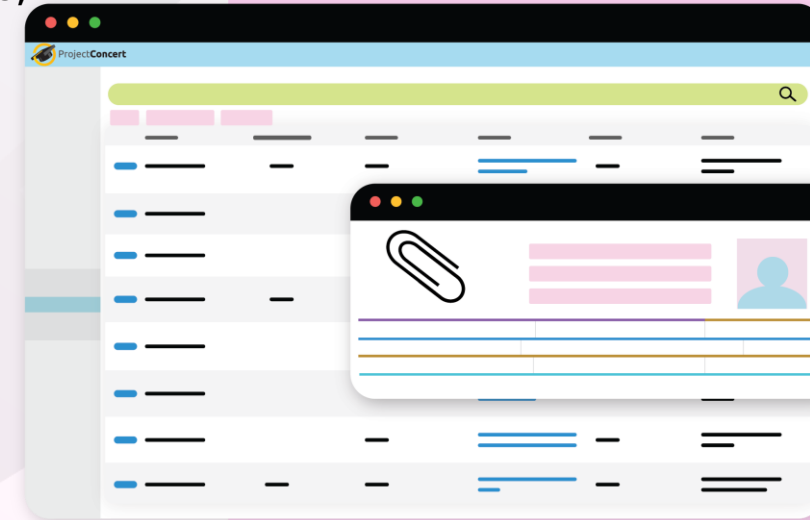

Learn More

# Committee Portfolios

A centralized solution for managing, organizing, and presenting essential documentation and evidence regarding committees (Curriculum, Governance, Assessment, etc.) for accreditation.

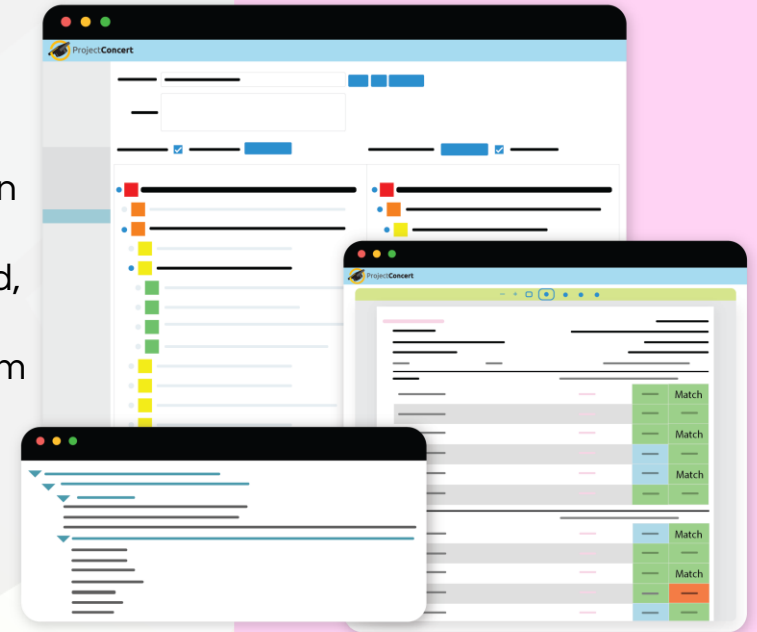

- Customized and Unlimited Number of Portfolios
- Aligned to State, Regional, and National Standards
- Centralized Repository for Accreditation Site Visits
- Secure Institutional access to Portfolios
- Secure Site Visitor access Prior to and During Visit
- Dashboard for Centralized Access to Documents
- Advanced filtering by Accreditation Standards and other Criteria
- All Documents Historically retained
- Documents exportable via ZIP file
- Aligned to Annual Committee Evaluation Tool

# Curriculum Mapping

This solution is a powerful resource tailored to facilitate mapping outcomes, objectives, competencies and more to your curriculum.

- Proprietary Algorithm used for Mapping
- Comprehensive Competency & Standards Library
- Multi-Level Mapping
- Integration with Academic Elements: Link Outcomes, Standards, and Objectives to Courses, Portfolios, Journals, Demographic Data, Surveys, and Evaluations
- Detailed Course Mapping: Describe the Relationships when Mapped to Courses (Teaching Methods and Assignments Used, etc.)
- Standards Support with Program Artifacts
- Curriculum Competency Tracking
- Gap and Redundancy Analysis
- Progression Documentation
- Aligns with the Competency Performance Dashboard

# Exit & Alumni Surveys

This module is tailored to support conducting comprehensive assessments, collecting vital feedback, and making data-informed decisions related to exiting students, alumni, and employment outcomes.

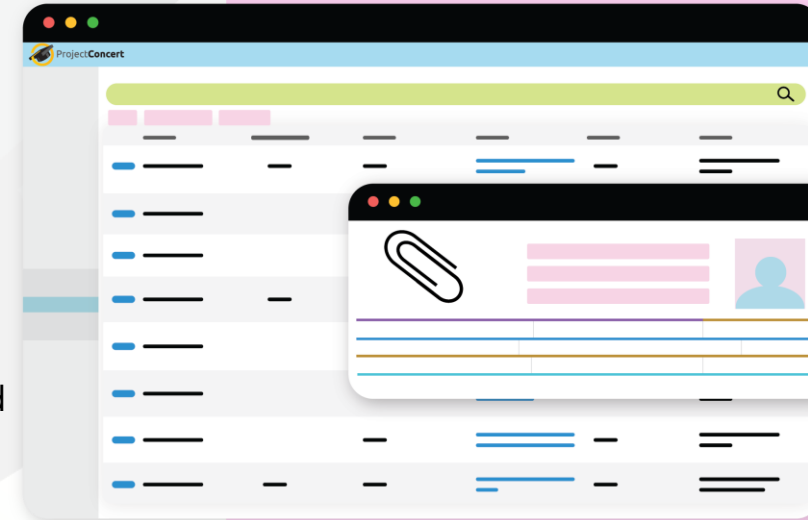

- ProjectConcert Authored Assessments & Surveys
- Customizable Survey Framework
- Customizable Number of Questions
- Add Institutional Specific Questions
- Customizable Likert or other Scale
- Unlimited Scheduling of Evaluations
- Supports Anonymous Evaluator
- Automated Survey Distribution
- Customized Reminders & Alerts
- Real-time Reporting
- Program Longitudinal Trend Reporting
- Comprehensive Reporting: Response Rates, Frequency, Standard Deviation, Competencies, and More.
- All Historical Data retained Securely

# Faculty Accreditation Portfolios

This module is designed to help educational institutions and faculty members create and manage digital portfolios. These portfolios serve as comprehensive records of a faculty member's academic and professional achievements, research, and contributions to the institution.

- Customizable Digital Portfolio
- Aligned to State, Regional, and National Standards
- Centralized Repository for Faculty to House Academic and Research Documentation
- Self-Report Accreditation Information
- Secure access for Faculty, Administrators and Accreditation Site Visitors
- Documents exportable via ZIP file
- All Documents & Data Historically retained
- Dashboard for Centralized Access to Documents
- Advanced filtering by Accreditation Standards and other Criteria
- Reporting & Analytics
  - Competency over an Academic Year
  - Pie Charts & Percentages
  - Compiled Faculty Data
  - Spreadsheet

# Simulation Assessments

Request a Demo

This module is designed to streamline the process of conducting simulation-based assessments in educational institutions.

- ProjectConcert Authored Assessments & Surveys
  - Post Simulation Assessments
  - End of Course Assessments
- Customizable Assessment Framework
- Add Institutional Specific Questions
- Customizable Likert or other Scale
- Supports Anonymous Evaluator
- Automated Survey Distribution
- Use of QR codes for Easy Survey Completion
- Formative and Summative Assessments of Students
- Customized Reminders & Alerts
- Real-time Reporting
- Program Longitudinal Trend Reporting
- Comprehensive Reporting: Response Rates, Frequency, Standard Deviation, Competencies, and More.
- All Historical Data retained Securely

The screenshot displays the ProjectConcert software interface. At the top, there's a header with the ProjectConcert logo and a user profile icon. Below the header, there's a table with 11 rows of student assessment data. Each row contains a student ID, a progress bar, a status label, and a score. The status labels are color-coded: green for 'Compliant', red for 'Not Compliant', yellow for 'Pending', and blue for 'Upcoming'.

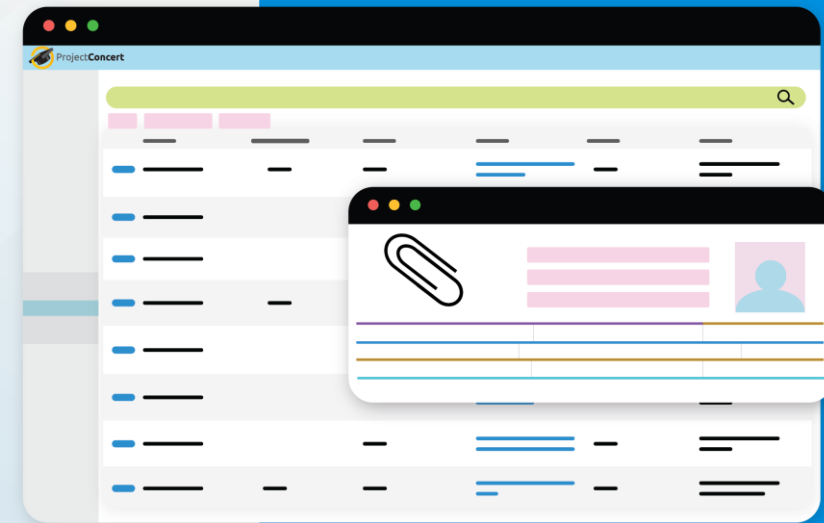

Student ID	Progress Bar	Status	Score
1	[Progress Bar]	Not Compliant	---
2	[Progress Bar]	Compliant	---
3	[Progress Bar]	Compliant	---
4	[Progress Bar]	Compliant	---
5	[Progress Bar]	Not Compliant	---
6	[Progress Bar]	Pending	---
7	[Progress Bar]	Not Compliant	---
8	[Progress Bar]	Upcoming	---
9	[Progress Bar]	Compliant	---
10	[Progress Bar]	Compliant	---
11	[Progress Bar]	Compliant	---
